With social distancing as established in the food stores, the requirement of a mask is redundant, and does little, if any, good. #WinnDixie #masksdontwork

They never did require them, until now. My county "illegal mandate" says I am exempt, so it'll be fun to see how this plays out. Plus there's the whole ADA thing & the fact that our sherriff has said he won't enforce it. This just gives mask bullies fodder to blow a gasket.

About that man

Even more interesting: The shooter [illegible] Rights attorney Roy Den Hollander.

Just one week ago, another Men's Rights attorney named Marc Angelucci- probably the most prominent in the nation- was assassinated in California by a gunman using the same M.O. as this killer. That was committed by someone who disguised himself as a deliveryman, asked for Angelucci by name and said he had a package to sign for, then shot and killed him and drove away.

Sounds like it might be the same [illegible] to attempt to untangle the motive.

It's what happens when people see things slowly moving away from their values over time and don't speak up. We're now at a point where the results are more clearly visible and aren't just in CA or NY. I pray people can see where this path is leading.

I think everybody that loves and respects our flag should refuse to watch any games that the Mavericks are involved in. Our forefathers died for that flag. America has been good to these athletes and Mark Cuban. They are despicable for disrespecting it.

NBA, NFL, NASCAR and others have forgotten how they got rich in the first place. Patriotic Fans. I'm afraid they'll learn when their TV ratings hit rock bottom and attendance to their games is visibly down. They'll learn soon enough

It's what happens when people see things slowly moving away from their values over time and don't speak up. We're now at a point where the results are more clearly visible and aren't just in CA or NY. I pray people can see where this path is leading.

But they don't work.... for starters... and the liberals and independents aren't all of a sudden going to say "Hey, he seems like a nice guy, I think I'll vote for him.."

The campaign needs to be REGISTERING NEW VOTERS and getting those 30 million Christians who didn't vote out

LET FREEDOM RING! WINN-DIXIE WILL NOT REQUIRE MASKS

With social distancing as established in the food stores, the requirement of a mask is redundant, and does little, if any, good. #WinnDixie #masksdontwork

They never did require them, until now. My county "illegal mandate" says I am exempt, so it'll be fun to see how this plays out. Plus there's the whole ADA thing & the fact that our sherriff has said he won't enforce it. This just gives mask bullies fodder to blow a gasket.

The Trump campaign is HIGHLY out of touch with their base, and it's getting kind of scary folks...

The MAJORITY of Trump supporters DO NOT support the masks...

Masks should be 100% an individuals decision. However, he's so hated by the media... maybe he's trying to prove no matter how much he complies, they will continue to lie & twist everything he says to fit their narrative? Don't be so quick to jump ship, he's playing the long game

I have to ask this question...

Are people giving the President advice really stupid enough to think that by him now being "Pro Mask" all of a sudden the liberals and media are going to like him, some might even vote for him..

What is wrong with this idiocy.. #Trump2020

Pelosi is a real piece of work. I hope Minnesota Dems continues to pour funds into the campaign of Ilhan's rival.
And then I hope that all Minnesotans help fund the campaign of the Republican who runs against whoever wins the Dem primary. Voting for Republicans will save us all.

What do most of the sheep here think is going to happen the FIRST time a school has a case..

They'll close the school, and then it will be just like Dominoes... Then you're still wearing your cute little masks and obeying the government..

How is this hard to comprehend?

That's why you get so very much RRRREEEEEeeee on questioning.

Mail-in voting is cheat proof. It requires a matching signature that's kept on record, and the ballots have barcodes on them so that people can't just print fakes.

This re-election campaign seems to be derailed at the moment... Just my opinion folks..

Parent aren't raising their children anymore. The state & the entertainment business is.

The average today's parent engages briefly with their children in the mornings & maybe for a few hours at night (maybe), most days.

I'm not that pessimistic. Trump worked with Mitch to confirm over 200 federal judges and 2 SCOTUS. It's significant in my book. GOP has been reshaped quite a bit under Trump. Still room to improve for sure.

Its black friday because of economic terms. Typically companies are in the red, at a loss, until this day. Where black refers to breaking even and above. You see it in Excel and other spreadsheets

And now the President has cancelled the convention.

Some of you were upset when I questioned the campaign & the people he was taking advice from.

Now you know why... This is officially a sh*t show.

I'll vote for him, I've worked my ass off defending him since 2015, this sucks!

How is it so hard for most of the sheep to not see this scenario playing out or coming at them..

Wait for it... I said what I said.. They won't have school until 2021 until it's all said and done.

What an absolute embarrassment to America Major League Baseball turned into with this idiocy of supporting the Marxist Black Lives Matter group, absolutely pathetic..

Taking Knee's, disrespecting our flag, and our Republic.

It's even more sad that so many Americans and Conservatives are scared to step up and condemn this idiocy with me, because they're afraid of hurting feelings, or being labeled by the media or someone that they know. It's absolutely pathetic.

College Sports are NOT like the Pro Sports, and I will not boycott all sports... I'm not supporting those who kneel, period.. That doesn't happen in College Athletics..

I'll watch the UFC because Dana White is an Ally of the President!

I also can't stand the Cancel Culture BS.

The players aren't on the field when they play the National Anthem. For starters.

The funny thing is watching the media pander to some of these people that have recently passed on, knowing that they never are trending on social media..

The 2020 elections are very simple..

Either you want someone who can actually run the country, continue to grow jobs, keep us safe, keep our military strong, and will put Christians, our God, and our Flag first..

Of you want someone who stands for NONE of that.

At some point officers need to stop listening to one person and start listening to the thousands of voices who pay their wages. The city may sign their paycheck, but it's the people that are actually paying them.

This might be the dumbest comment on Twitter today... Lou Dobbs is attacking the Republican Party for doing nothing, & you call him a partisan hack.. you can't be serious with this idiocy..

He's one of the few with a TV platform calling the GOP Weak and Pathetic, and he's RIGHT!

So our Attorney General is wasting his time explaining to Congress why Federal Officers are working in Portland to protect federal buildings that protesters and rioters are trying to destroy..

This is a real thing with the Democrats in charge... Good God..

Waving The Russian Flag & symbolizing the CCCP fist of Socialism & on Federal soil is an invasion & an act of war
What happens next, are we free game for the Chinese Communist when they invade? Will we sit idly by or stand up for our Constitution & the Freedoms it Represents?

This is horrible. They ask him a question, barely let him respond and then spend the rest of their time to berating him and he can't respond. How is that legit?

1 8 27

Tara Howanice @howanice · 3h
It's NOT legit... but it's the only way to:

1. Stop Barr from answering... MSM can claim Barr had 'no answer, no defense' later

2. Prevent any 'explosive sound bites' that may be used to later refute DEMSM claims about what was said.

3. Get out preferred DEMSM narratives, deflect

CDC cannot "confirm" something for which there is no accurate test. tests ONLY detect viral material that may or may not be associated with infection. still is no conclusive diagnostic evidence that anyone is carrying a novel virus. this means that ALL stats are meaningless.

CDC cannot "confirm" something for which there is no accurate test. tests ONLY detect viral material that may or may not be associated with infection. still is no conclusive diagnostic evidence that anyone is carrying a novel virus. this means that ALL stats are meaningless.

If you see what's happening in the Barr hearing, now imagine Joe Biden as President and give them that type of power again...

Our side better wake up and get motivated. America is on her last legs, and we must fight for her!

They are fortunate to have a governor who isn't playing King, and who isn't exploiting this for another bump in government power. While masks may help, it isn't worth the trade off of setting a precedence for more control. Good decision.

This is horrible. They ask him a question, barely let him respond and then spend the rest of their time to berating him and he can't respond. How is that legit?

1 8 27

Tara Howanice @howanice · 3h

It's NOT legit ... but it's the only way to:

1. Stop Barr from answering - MSM can claim Barr had 'no answer, no defense' later

2. Prevent any 'explosive sound bites' that may be used to later refute DEMSM claims about what was said.

3. Get out preferred DEMSM narratives -deflect

Texas is still a "Red State," but the people of Texas also know a crook when they see him. Joe Biden may not be as Red as they prefer, but he's a good, honest, hard working man who cares about all of the people in Texas. That's why Biden will win Texas

No other president has done what president Trump did by cutting the middle man out of pharma, because pharma is incredibly powerful

They have enormous control over people's lives and many aspects of our governmental system with politicians in their pockets.

New York Mail-In voting is in a disastrous state of condition. Votes from many weeks ago are missing - a total mess. They have no idea what is going on. Rigged Election. I told you so. Same thing would happen, but on massive scale, with USA. Fake News refuses to report!

Here's why I think it works. Because the left hates Trump and wishes he was dead every day. They got pissed when he took the drug. Evidently if it was that much of a killer they'd a cheered it! But they were mad. Why would they be mad if they're so sure it will kill him.

The state of Ohio OFFICIALLY bans pharmacies from giving HCQ prescriptions to patients for COVID-19.

The state of Ohio just told its ~30,000 physicians that patients can't trust them to make the right decisions.

This is a direct infringement on the patient-doctor relationship.

OHIO
BOARD OF PHARMACY

Requirements for Dispensing or Selling Chloroquine and Hydroxychloroquine in Ohio

On July 30, 2020, rule 4729:5-5-21 of the Administrative Code goes into effect. In general, the rule prohibits all terminal distributors (including prescriber clinics, non-resident pharmacies, and institutional facilities) from selling or dispensing hydroxychloroquine and chloroquine for the treatment or prevention of COVID-19 [see paragraph (B) below]. Please be advised that this rule replaces emergency rule 4729-5-30.2 and that all approvals for the use of these medications made under that rule are no longer applicable.

4729:5-5-21 Prescription requirements for chloroquine and hydroxychloroquine.

(A) No prescription for chloroquine or hydroxychloroquine may be dispensed by a pharmacist or sold at retail by a licensed terminal distributor of dangerous drugs, including prescriptions for patients residing in Ohio dispensed or sold at retail by nonresident terminal distributors of dangerous drugs as defined in rule 4729-5-8-01 of the Administrative Code, unless the prescription bears a written diagnosis code from the prescriber or a statement indicating its veterinary medical purpose.

(B) Except as provided in paragraph (C) of this rule, prescriptions issued for chloroquine or hydroxychloroquine for prophylactic use related to COVID-19 or for the treatment of COVID-19 are strictly prohibited unless otherwise approved by the board's executive director in consultation with the board president, at which time a resolution shall issue. Upon the effective date of this rule, all previous approvals for the use of chloroquine or hydroxychloroquine shall be deemed void and must be approved using the process outlined in this paragraph.

(C) The prohibition in paragraph (B) of this rule does not apply to prescriptions issued as part of a documented institutional review board-approved clinical trial to evaluate the safety and efficacy of the drugs to treat COVID-19. Prescriptions must include documentation that the patient is enrolled in a clinical trial.

(D) Paragraphs (B) and (C) of this rule shall also apply to medication orders and outpatient

After 4 mos of appeals since it was taken down, Google finally uncensored our initial paper on HCQ in treatment of COVID-19.

It's strange Google reversed this decision IMMEDIATELY before appearing in front of congress today to discuss censorship.

If you are a physician and agree with the censorship and blocking of hydroxychloroquine prescriptions, all you are saying is that Facebook, YouTube and the government should control the way you treat patients.

AP (2 Jul 2020) 2012 GOP presidential candidate Herman Cain is being treated for the coronavirus at an Atlanta-area hospital, according to a statement posted on his Twitter account Thursday, after attending President Donald Trump's campaign rally in Tulsa, Oklahoma.

There is no way of knowing when or where he contracted the virus so just stop. He was tested at the rally and tested negative. Rest in peace @THEHermanCain

Herman Cain survived stage 4 colon cancer, and as a result had a comprised immune system as do most cancer survivors who undergo treatment.

Shame on those blaming Trump's Tulsa rally. There's no basement to the depravity of these people.

It's not the governor, it's Health Department. Ohio gov wants to reverse it. We REALLY need to limit the powers that Health Departments have - they have potential to cause catastrophic levels of harm (as we are seeing)

Governor Mike DeWine just announced he's now reversing the decision to block hydroxychloroquine prescriptions for treatment of COVID-19 in Ohio.

As I said yesterday, this should be a decision between patients and their doctors.

It looks like the governor got the message.

Until we actually see drug prices come down, I'll write this off as an election ploy, kinda like how you promised that Mexico would pay for a wall from sea to shining sea.

Stop calling COVID-19 the China Virus. It subjects Chinese Americans and other Asian Americans to hate crimes and brutal acts of violence in this country. Moreover, COVID-19 came to the United States from Europe because Trump allowed unrestricted air travel from Italy into NYC.

The coronavirus doesn't care whether you are white, black, Asian, or anything else. It spreads from human to human and is already everywhere around the world. Calling it the "China Virus" to scapegoat Asian Americans only hurts a vulnerable group of people for racist clout.

I'm very saddened to learn of the passing of my former boss, Herman Cain. I'm bracing for the cruelty online about how he deserved to get COVID and die because of his politics. We're living in a dark time. But, they didn't know him. I did.

At the age of 23, I served as the communications director for Herman Cain's presidential campaign. It was a chaotic experience, which explains how someone fresh out of college could find herself explaining away gaffe after gaffe from an unpolished candidate.

Ellen Carmichael @ellencarmichae 25m

Admittedly, it's not a job I could do now at 32. It was really hard and exhausting. But Herman Cain made it worth while. He was a giant of a person in ways that people who would choose to see him merely as a caricature could never understand.

His American Dream story is one for the history books. Overcame absolute destitution, genuine discrimination, stage IV cancer and so much hardship in between. Rose up the ranks of America's biggest corporations, advised presidential campaigns, chaired a Federal Reserve bank.

If you notice, the health officials in many Democrat run states just received their power through legislation passed as recently as 2019. I know CA just did. Many things line up just before this “outbreak” that are too much of a coincidence.

States should be encouraging early voting, not mail in voting. Expand Hours, Open up on Weekends...

See what I did there.. Spacing folks out, allowing everyone to vote...

Wow, I should run for office, that was really hard to figure out..

This is John Lewis funeral today... Plenty of singing and everyone sitting right on top of one another. What's good for YOU isn't good for THEM apparently...

Wait, I thought we were social distancing?

"Social distancing" is simply a lie and a manufactured trigger-word.

General Flynn's Attorney Sidney Powell isn't arguing against the Department of Justice, they dropped the charges, and want the case ended..

She's arguing against a federal judge who's using TAX PAYER money to fund attorneys to represent him against Flynn..

The Ghislaine Maxwell (Epstein) documents have been unsealed.

Will be posting excerpts here -

Starting with allegations of minor being trafficked to Maxwell, Prince Andrew, and Alan Dershowitz (as prev. alleged).

Thread.

The CVRA Case

In the CVRA Case, Edwards (starting in 20[illegible]), and Cassell (starting in May 2014) have represented Plaintiff in attempting to obtain joinder in the pending action. On December 30, 2014, Cassell and Edwards filed a pleading titled "Jane Doe #3 and Jane Doe #4's Motion Pursuant to Rule 21 for Joinder in Action" in the CVRA Case. Menninger Decl., Ex C (the "Joinder Motion"). The Joinder Motion contained a number of allegations on behalf of Jane Doe #3, who is actually Ms. Giuffre, the Plaintiff in this case. The allegations include that "Epstein also sexually trafficked the then-minor Jane Doe [#3], making her available for sex to politically-connected and financially-powerful people." The "politically-connected and financially powerful people" identified by Edwards and Cassell by name in the Joinder Motion as having had sexual relations with Jane Doe #3 were Prince Andrew, Duke of York ("Prince Andrew"), Ms. Maxwell, Jean Luc Brunel ("Brunel") and Alan Dershowitz ("Dershowitz"). *Id.* at 3-6.

BREAKING: Rogue St. Louis Prosecutor who reopened Michael Brown case will NOT be charging officer Darren Wilson with murder or manslaughter

This officer has now been put through the ringer for 6+ years. Enough already. St. Louis may be the most corrupt county in America.

As the Wall goes up, illegal crossings go down. This past week we built over 10 miles of Wall at our Southern Border. We now have 256 miles of NEW Wall and we are on track to have 300 miles completed by the end of August!

Mail-In Voting is already proving to be a catastrophic disaster. Even testing areas are way off. The Dems talk of foreign influence in voting, but they know that Mail-In Voting is an easy way for foreign countries to enter the race. Even beyond that, there's no accurate count!

The Trump campaign might be better off if just one of the 17 texts and emails we get per day was a message from the President, or something that the administration has done that's good, instead of asking for money 17+ times per day.

Whoever is running this is failing BIGLY.

Make no mistake about it, voting for anyone but President Donald Trump for President in 2020 confirms the liberal indoctrination and destruction of America.

Wow,

I'm actually impressed with Neil Cavuto... He said he will go out WITHOUT the Vaccine, and he's probably the wrong person to ask about this...

I did not see that coming this morning..

7/10 Americans agree with President Trump that China is to blame for the Wu Flu...

With that being said... Who are the other 3 of 10 who think someone else is to blame for this idiocy..

It's also big for his re-election numbers, and why he keeps pushing China's responsibility.

Reminder that there are ONLY 6,679 Active Coronavirus Cases in Arkansas out of 3.2 Million People.. Thanks for the Mandatory Masks you Draconian Asshats..

Arkansas tested almost 200,000 people in July.... and total active cases are under 7,000 right now..

This is absurd..

Make no mistake about it, voting for anyone but President Donald Trump for President in 2020 confirms the liberal indoctrination and destruction of America.

The key here is the FBI lied and said they had no files on this in previous FOIAs. They've consistently said they didn't look into Seth Rich. Now thanks to our Legal Beagles and Judicial Watch we've turned a corner today!

The Trump campaign might be better off if just one of the 17 texts and emails we get per day was a message from the President, or something that the administration has done that's good, instead of asking for money 17+ times per day.

Whoever is running this is failing BIGLY.

Serious Question...

Is the Republican Party trying to lose to a candidate that is worse than Hillary Clinton?

Something that you won't hear other pundits say, because I'm honest and truthful, I tell it like it is.. Always have, I don't pull punches..

Biden's new campaign commercials are brilliant, positive, about America.

90% of Americans don't follow politics, we need to pivot & fast!

The people running the Trump campaign have to understand that most people do not follow politics, and the ads need to reflect that.

Get back to "We the People" and "America First" and "Igniting the American Spirit & Dream"

This campaign is so far behind the curve it's scary!

If you're not Retweeting the President of the United States tweets on a daily basis, then why are you on Twitter?

We need everyone to step up and to support our President as his campaign and the GOP are failing him! We cannot afford to lose this election!

If you're not Retweeting the President of the United States tweets on a daily basis, then why are you on Twitter?

We need everyone to step up and to support our President as his campaign and the GOP are failing him. We cannot afford to lose this election!

The people running the Trump campaign have to understand that most people do not follow politics, and the ads need to reflect that.

Get back to "We the People" and "America First" and "Igniting the American Spirit & Dream"

This campaign is so far behind the curve it's scary!
